Our mission: Tackle and Reduce Plastic Pollution in the Danube Basin

Standing on Latorica River - 2022 (UA, Transcarpathia)

Project Introduction

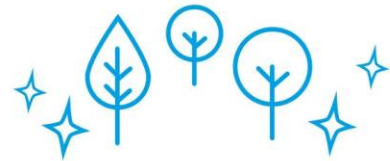

- use our growing knowledge to reduce riverine litter within water catchment areas significantly
- cost-efficiently assess microplastic contamination of rivers
- foster changes in legislation to improve river water quality
- solutions for managing and recycling large waste deposits
- software to monitor potential infiltration points
- introduce sound waste management solutions for infiltration areas
- policy advocacy package for the upcoming update of the DRBMP
- BUILDING RIVER SAVER COMMUNITIES
