Presentation:

Preparing the Structure for the Implementation of the “Strategy for Sustainable Tourism Development of the Carpathians”

What to achieve with a tourism strategy?

- Less impacts on the environment
- Less financial leakages
- Less unemployment
- Less migration from rural areas
- Less extinction of traditional heritage
- Less external influence on the region
- More benefits to local people
- Better cooperation
- Better understanding of sustainable tourism
- Better Carpathian identity
- More diversity and quality in tourism products
- More visitors in less visited areas
- More overnight stays
- More spendings per day/visitor
