PRESS RELEASE - YOUTH AT THE TOP 2020

In order to allow young people to experience an authentic immersion in nature, in 23 protected areas between the Alps and the Carpathians, mountain guides, rangers or educators participated in the 6th edition of Youth at the Top. In total, 28 events were held between July 16th and the beginning of October, in 5 Alpine countries as well as in 2 Carpathian countries, Romania and Slovakia. Around 250 children and young people were able to go on a mountain hike with other peers, often bivouacking in tents or in a hut, along educational activities that allowed them to reconnect with nature and increase their awareness of sustainable development.

The press release for this year's event is now available. Scroll down to find it in English, French, Italian, German and Slovenian.

PARTICIPATING ORGANIZATIONS

The 6th edition of the project is led by ALPARC – The Alpine Network of Protected Areas, with the financial support of the German Ministry of the Environment, the Principality of Monaco and the French National Agency ANCT.
