Dear Harald,

I am sending pone possible amendment to the resolution concerning education (to be further finetuned and discussed). some more can come some later , apologise for the delay.

looking forward to your feedback on it. AS I have already mentioned to Klaudia tthe idea is to have sucha nd event (not necessarily in HUnghary) get an overview and discuss way forward, WE think education and awareness raising is crucial for the sust. develoment in the region and it has to be started with children from eraly years. In Hungary ther are systematic programs for itbased on each other for dacades, staring from kinderkardan up to the secondary schols.

Possible resolution text could be:

Welcomes the proposal of the Hungarian presidency to organize a Seminar in 2018/2019 on the issue of environmental and sustainable development education/awarenes raising in kindergardens and schools with the aim of exchanging on best practices in the Carpathian Region and exploring possibilities of further cooperation.

With best regards from rainy Brussels,
Maria
