

Working Group on Adaptation to Climate Change

Climate Change adaptation WG at Carpathian Convention

- Decision COP3/15 on Climate change of the COP 3 of the Carpathian Convention: a Working Group on Adaptation to Climate Change under the Carpathian Convention has been established

Workplan

- Preparation of strategic agenda on adaptation in the Carpathians
- Planning of adaptation measures
- Realization of a clearing house for the Carpathians in the wider EU context

1st period

Eger Group

- Workshop on sharing of experiences on adaptation to climate change in mountain areas, Eger, Hungary, 22 October 2012
- Participation of representatives from Pyrenees, Alps, Carpathians, Balkans, Caucasus, Central Asia
- Main outcome: establishment of a platform for exchange of information and know-how and development of possible common activities
- On Facebook: Eger Working Group

Strategic Agenda, content

1. Introduction
2. Background
3. Impacts of climate change in the Carpathians
4. Policy responses to create a Path to a Climate-Proofed Carpathian Economy
5. Institutional and organisational responses
6. Cross-Cutting Opportunities
7. Opportunity for the EU Funds from 2014-2020:
8. Steer the Region's Development Towards a Climate-Proofed Carpathian Space
9. Potential Priority Climate Change Adaptation Actions

Preparatory actions

- Three projects:
 - Climate of the Carpathian region
 - Integrated assessment of vulnerability of environmental resources and ecosystem-based adaptation measures (Service contract CARPIVIA)
 - In-depth assessment of vulnerability of environmental resources and ecosystem-based adaptation measures (Framework contract CarpathCC)

2nd period

Projects

- Climate_Adapt with EEA
- Climate Outlook
- JOINTISZA project (?)

International connections

- Baltic region (Warsaw)
- EU Macroregional meeting (Brussels)
- CH+AT meetings (Brussels, Bern)
- Euromontana Conference, Braganca
Declaration (Braganca)
- Expo (Milan, Czech pavillon)
- EUSDR PAs

Publications

- Future Imperfect
- ECCAs (Hamburg, Copenhagen)
- Climate Change Adaptation Strategies – An Upstream-downstream Perspective
- Mountains and Climate Change (for Lima)
- 3-mountain presentation (Marrakesh)

Publications
