### Technical Structure

#### Partnerships and Outreach stream

#### Natural Resources and Sustainable Production stream
- Fisheries Division
- Forestry Division
- Animal Production and Health Division
- Land and Water Division
- Plant Production and Protection Division

#### Economic and Social Development stream
Cross-cutting themes: *Gender, Youth, Inclusion*

Accelerators: *Technology, Innovation, Data, Complements (governance, human capital, institutions)*

**Regional Initiatives - REU**
- RI1 - For smallholders and family farms
- RI2 - For flourishing agrifood trade and market integration
- RI3 - For sustainable, climate-resilient natural resource management
Ukraine
• Strengthening the resilience of pine forest to bark beetle outbreaks and associated dieback
• Integrated Natural Resources Management in Degraded Landscapes in the Forest-Steppe Zone - GEF

Serbia
• Contribution of sustainable forest management to a low emission and resilient development in Serbia – GEF
• Enabling environment at policy, field and market levels for Forest Landscape Restoration (FLR) to achieve Land Degradation Neutrality (LDN) in Serbia – GEF
• In-depth study on use of non-wood forest products (NWFPs) in selected Western Balkan countries
THANK YOU FOR YOUR ATTENTION
